Chadbourn & Parke LLP  
30 Rockefeller Plaza  
New York, New York 10012

Dear Lawrence,

Thank you for taking time out of your busy schedule to participate in our Career Day. By doing so, you have shown that you have a vested interest in the lives of young people who live in our community at large.

Your enthusiastic and motivational speech was very effective and helped our students gain a more realistic understanding of the correlation between setting goals, pursuing higher education, the world of work and ultimately success.

Once again, thank you for participating and I look forward to working with you again in the future.

Sincerely,

Beverly A. McBeth  
Director of Youth Employment
