

"P/F, THE MAGIC OPTION"
(To the tune of "Puff, The Magic Dragon")
Parody Lyrics Copyright (C) 1981-2002 Lawrence Savell

P/F, The Magic Option
Saved my ass in Tax
In E.O., Con Law, T & E
And Water Law with Sax.

My little transcript paper
Had more "P"s than a soup
And with one grade I had it made
A four-oh thanks to Coop.

P/F, The Magic Option
Saved my ass in Tax
In E.O., Con Law, T & E
And Water Law with Sax.

Interviewers faked compassion
And asked me for my cume
When I replied they smiled wide
And locked me in the room.

Wall Street's awe-struck partners
Would fall for my charade
Private firms would meet my terms
And I only had one grade.

P/F, The Magic Option
Saved my ass in Tax
In E.O., Con Law, T & E
And Water Law with Sax.

A dragon lives forever
But not so GPAs
It ended right when I took White's
Com Trans for a grade.

One grey day it happened
As I took the final exam
I realized to my surprise
What I forgot to cram.

My head was bent in sorrow
My grade-point fell like rain
I'd no longer be flown back
To Houston or L.A.

Without my magic cume
I could not go far
So I spent the last two hours writing
Cover letters to A.L.R.
